## PATIENT TESTIMONIALS

"I want to thank Stacey for providing such great care to my dad. She provided **OUTSTANDING** care and should be congratulated for all her efforts to support my dad in coping with his health needs. My sisters and I can't thank her enough for everything she has done for us. Dealing with aging parents is never easy, but Stacey made the pathway so much easier."

– Paula K

"I look forward to you all calling so I can give you a good report. I like you calling because then I know you're still thinking about me and I make sure I stay on track and do what I'm supposed to do. I actually have you on speed dial in case I need anything."
